

Our History and Services

Orphan Allies is the humanitarian aide branch of **Adoption—A Gift of Love**, a Texas licensed not for profit child placement agency, founded in 1985. The aid to orphans is in several ways:

Medical Sponsorship: funding of needed medical care in the child's country of origin or bringing the child to the U.S. for care;

Child Sponsorship: funding of foster care or specialized vocational training for a child;

Culture Camps: bringing special needs and older children to the US to live with host families for several weeks with goal to find adoptive families for the children;

Direct Aid: purchasing equipment and supplies needed for orphanages e.g. beds, rice cookers, refrigerators, washers, dryers, computers, medications, equipment for physical therapy uses, air conditioners, heating units, supplies to build barns, sewing machines, playground equipment and surfaces. . .

and the work goes on . . .

Won't you help?

UNICEF estimates that there may be as many as 100,000 orphans in the world. The fact is that there is no way to really know how many children live in institutions, without the love and security of a family. Many children live day in and day out without having the basic necessities of life . . .adequate food, clothing, clean water, and the opportunity to have some education such as basic reading and mathematical skills.

We hope that as you enjoy your food mixes that you will be reminded of the children and will refer families and friends to support this fund raising effort for the faceless orphans in the world.

100% of the proceeds from the mixes goes for orphan projects.
